Ready-to-Use Activities

Plus all the ancillary materials for successful implementation!

The Yaw-Yaw, Where Can You Go?

Introduction:

The Yaw-Yaw is a fun, fast-paced, and engaging way to learn about the states of the United States. This activity is designed to be used in a variety of ways, including as a warm-up, a review, or a challenge. It is a great way to get students thinking about the states and their locations.

Directions:

1. Read the Yaw-Yaw questions carefully.

2. Write the name of the state that answers each question.

3. Check your answers with a partner.

4. Discuss the questions and answers.

5. Share your answers with the class.

6. Repeat the activity with a new set of questions.

7. Use the Yaw-Yaw as a review activity.

8. Use the Yaw-Yaw as a challenge activity.

9. Use the Yaw-Yaw as a fun activity.

10. Use the Yaw-Yaw as a way to learn about the states.

The Yaw-Yaw, Where Can You Go?

Student Answer Sheet

1. What is the state that answers each question?
2. What is the state that answers each question?
3. What is the state that answers each question?
4. What is the state that answers each question?
5. What is the state that answers each question?
6. What is the state that answers each question?
7. What is the state that answers each question?

Notes: This activity is designed to be used in a variety of ways, including as a warm-up, a review, or a challenge. It is a great way to get students thinking about the states and their locations.

Are We There Yet?

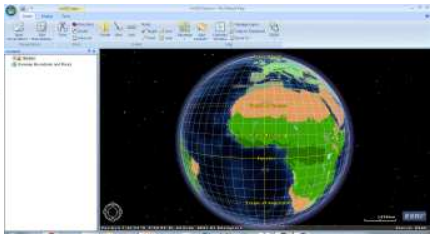

A screenshot of a Google Maps application window. The map shows a network of roads and highways over a geographical area. The interface includes a search bar, a list of locations, and a toolbar with various map controls. The background of the slide features a chalkboard with a pink eraser and a white arrow pointing upwards.

SCIENCE

Biomes

A screenshot of a globe showing different biomes. The globe is centered on the Atlantic Ocean, with North and South America visible. The landmasses are color-coded to represent different biomes: green for tropical rainforests, yellow for savannas, and brown for deserts. The interface includes a search bar and a toolbar.

Adventures in the Red Book

A screenshot of a software application displaying a world map. The interface includes a toolbar at the top with various icons and a sidebar on the left. A small icon of a red book cover is visible in the top right corner of the application window. The background of the slide features a chalkboard with a pink eraser and white chalk markings.

Earth: Poetry in Motion

A screenshot of a software application displaying a globe. The interface includes a toolbar at the top and a sidebar on the left. A small icon with the text 'GOT Geography!' is visible in the top right corner of the application window. The background of the slide features a chalkboard with a pink eraser and white chalk markings.

Somewhere in the World

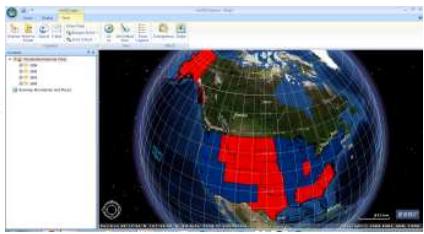

A screenshot of a software application displaying a satellite map. The interface includes a toolbar at the top and a sidebar on the left. A search window is open in the bottom right corner with the text: "What time of day makes 'shadows grow long?'". A small icon of a book cover is visible in the top right corner of the application window. The background of the slide features a chalkboard with a pink eraser and white chalk markings.
